PUBLISHED IN GRENADA COUNTY, BY AND FOR GRENADA COUNTY PEOPLE, THUS, THE NAME

The Grenada County Weekly

VOLUME SEVEN — GRENADA, GRENADA COUNTY, MISS. — THURSDAY, OCTOBER 7, 1943 — NUMBER ELEVEN

Seen, Heard and Told

By The Editor

---V---

If your son's name is not on the bulletin board in the square take his name (or that of some boy you know) to Joe Neely. The Lions, who are sponsoring this board, are extremely anxious to make the list complete, but they MUST have the cooperation of the parents and friends of the men in service.

The Mayor is calling a mass meeting of the people to be held at the City Hall at 7:30 tonight (Friday) for the purpose of explaining the proposed Charter change. This is an important matter and the meeting should be well attended.

Congratulations to the bond sale committee and to the people of Grenada county who sold and bought over $1,100,00000 worth of bonds and stamps, which is nearly half a million above the quota of this county.

Work has started on the white USO building which is the Moss Brothers building to be overhauled, and on the negro USO building on school property which is to be built outright. The total expenditure for both will be about $78,000.00.

The 15th is the LAST day when you can subscribe for your son in foreign service without the bookfoodery heretofore and thereafter necessary. We charge no more for a subscription to Australia than we do to one in Memphis.

It will be tough and rugged going for our men from now on, for they are up against the real thing—the Germans and the Japs.

If you have not signed the petition asking for an election on the proposed charter change, drop by the Trust Bank where a petition may be signed.

Apparently discussing trade practices, two ladies of the evening are standing on Dusk's corner.

Vox Pop Calloway has been added to our list.

Have you paid your Legion dues yet? I have, and that's why I dare mention it.

Poor dogs.

Somebody was innocently inquiring why I published the game laws and the bag limits when no ammunition could be bought. Maybe folks will have to go back to bows and arrows, and socks.

When Ralph Semmes pays his subscription, he should be given a couple of shares of stock in the GCW.

Aint they sweet.

I hope none of our supervisors get a hold of any of that Jackson licker.

We miss the correspondence of our favorite correspondent and other people do also.

Another fellow who ought to be thinking of making his peace with his Maker came in and wanted to know how to tell a lady of the evening from any other lady. He ought to be ashamed of himself.

A lady just scraped about 400 miles of rubber from her front tire, but she will soon be walking and that will take some of that wiggle out of her by reducing the size of the wigglers.

It seems funny, but it is so. We elect officers to enforce the law, then cuss them for enforcing it on OURSELVES. We have parking laws and laws against dogs running at large, but they were evidently meant for the OTHER fellow, according to those who violate the laws.

Dear Andrew: Mr. Shaw, your old partner, was in to pay his subscription, and asked to be remembered to you most kindly.

Wonder what brand of whitewash they use at the camp for the rather extensive and rather expensive fires that have occurred there?

I think his fellow Jews are going to turn our Mr. Greenfield out of the church for working on Jewish holidays.

Jim Eastland and Tom Abernethy are working hand in glove for the betterment of Mississippi. I think Bilbo is doing some winter plowing down in Pearl River county.

I do not think the end of the world is far away as J. L. Townes, Sr. bought me a coke recently.

Miss Mittie Harris is as spry as a kitten.

Promoted

LT. COL. JAMES E SHAW, JR.

"Jimmie" Shaw, as we knew him in Grenada has discarded the gold maple leaves of a Major and pinned on the silver maple leaves of the Lieutenant Colonel of Artillery. We understand that he is now on maneuvers somewhere in the Northwest. His home station is Camp White, Oregan. Congratulations. Colonel Shaw.

Seabees Most Urgently Needed By U. S. N.

Uncle Sam's calling all construction men—men whose experience ranges from apprentice to journeyman—for good-paying jobs where they'll continue their trades and, besides, indulge in a bit of fighting on occasion.

Uncle Sam, in this instance, is personified by the Navy Recruiting Officer in a non-restricted manpower area. He can explain to them the great opportunity to serve their country in the Seabees and to qualify as Petty Officers with pay from $78 to $126 a mont, free uniforms, food and quarters, 20 percent increase in base pay for overseas service, dependency allowances and other extras.

Draft-age men may be voluntarily inducted, while youths 17 and men 38-50 may enlist at any Navy Recruiting Station. The same provisions are applicable in the Army Engineers.

Practically all skilled men can be used.

Detailed information and application complete with all preliminary papers including transportation to the main Recruiting Station in Jackson, Miss. can be had at the local Navy Recruiting Station, Room 202 Post Office Building in Grenada, Miss. Office hours from 8:00 a. m. to 6:00 p. m. daily. (For convenience of men who can not arrange to visit the recruiting station during the above hours may contact Chief Kennon who is in charge and make special evening appointments. It is most urgent that men wishing to join the Seabees, do so immediately.

Cpl. Morris C. Knight, son of Mrs. Andrew, of Holcomb, Miss., after completing a course in Air Plane Mechan-

CPL. MORRIS C. KNIGHT

ics at Delgado Training School in New Orleans, La., is now stationed at Geiger Field, Spokane, Washington. Cpl. Knight spent a few days last month with his mother, and sister, Mrs. Burns Tatum, of Grenada.

The French Market being closed Monday and Tuesday, while its genial proprietor, John Haxby, was taking a little trip for relaxation, caused almost as much comment as if the bank had been closed.

National War Fund Campaign Launched October 5th

The camapign for the National War Fund was officially launched by the President of the United States on Tuesday night, October 5th, when he spoke over the radio. The plan is to raise $125,000,000 in the United States for this cause. Seventeen agencies will share in this fund. Among these agencies are War Relief, United China Relief, British War Relief Society Greek War Relief Association, Polish War Relief, Friends of Luxenbourg, French Relief Fund, United Yugoslav Relief Fund, and the Belgian War Relief Society. Grenada County's quota will be $7,108.00. It is money is to be raised between October 25th and November 4th.

The following is a list of Grenada County workers: Mrs. W. W. Whitaker, Publicity Chairmen for Grenada County; Mr. R. L. Lupton, Treasurer for Grenada County; Mr. Cecil Jones, Chairman for the City of Grenada: Rev. L. P. Jumper, Chairman for Holcomb; Mr. W. T. York, Chairman for Gore Springs Community.

W. L. Robinson,
County Chairman.

Going To USN Academy

BEN ADAMS MOORE

This young man who is the son of Mr. and Mrs. Ben Moore, of Grenada, recently received his appointment to the U. S. Naval Academy by virtue of work in his behalf by Congressman Tom Abernethy.

Soldiers, Too Are Backing The Attack With Cash

Soldiers are not only fighting this war with weapons, they are backing the attack with their savings and money. Down here at the Grenada Army Air Field, we have a typical cross section of America, with men representing every state in the Union. They realize why and what we are fighting for, and to them, no sacrifice is too great.

The other day, a tall Texan walked into Headquarters and said to the receptionist, "I'd like to purchase $3000 worth of War Bonds," to which she replied, "Quit your kidding."

No, Pfc. James Monsur of Port Arthur, Texas, wasn't kidding. Since arriving on this field in April he has bought $4000 worth of bonds previous to his order of last week.

"Tex" Monsur is the kind of a fellow you'd pass on the street and never give a second look. He's an average American, makes friends easily, and has a pleasing personality. He was born at 1320½ Houston Avenue, Port Arthur, Texas, and previous to his entering the service was a welder in a defense plant.

His brother, Harry A. Monsur is a Pharmacist Mate 1st class, in the Navy, and at present is serving in the South Pacific.

Pfc. Monsur is just one of the many men who are in uniform that is investing his money in his faith in our country. He knows that he is still a citizen.

In the short time the War Bond Drive has been on, the men and women of America, stationed at the Grenada Army Air Field have invested their money, their faith in freedom, we should say, to the tune of $28,840.50, and they are going to keep on until the lights go on again all over the world.

Cotton Ginning Report For Grenada County

Census report shows that 4108 bales of cotton were ginned in Grenada County, Mississippi from the crop of 1943 prior to September 16, 1943 as compared with 1619 bales for the crop of 1942.

Wallace Sherwood,
Special Agent.

Qualifying Test To Be Given Nov. 9th At High School

The second Qualifying Test for the Army Specialized Training Program and the Navy College Program V-12 which will be given throughout the country on Tuesday, November 9, will be administered at the Grenada High School, Mr. J. C. Hathorn announced today. A pamphlet of general information which contains an admission-identification form may be obtained at High School. This form properly filled out will admit to the tests students between the ages of 17 and 21 inclusive who are recent high school graduates or who will be graduated by March 1, 1944. Intent to take the test should be made known immediately to J. C. Hathorn in order that the necessary test supplies may be ordered.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

The Army Specialized Training Program and the Navy College Program enable students to continue academic training at government expense following induction into the armed services. Successful completion of the prescribed courses may, following further officer training, lead to a commission in the Army or the Navy.

Those selected for the Army will, after further screening and basic military training, be sent to college. Students for the Navy Program, after selection by the Office of Naval Procurement, will be detailed to college. Students who attend college under either of the programs will be under military discipline on active duty in uniform with pay. All expenses, including tuition, food, housing, books, and uniforms will be paid by the Army or the Navy.

Death Of George Erving Lance

George Erving Lance died suddenly Sunday night at 8 o'clock of a heart attack at his home near Rosebloom. He was born March 5, 1870 in Beat One of Tallahatchie County. He was a well known farmer, loved and respected by all who knew him.

He married Kattie Anne Brunson, of Cascilla, July 9, 1891. Interment was Suesday, September 28, 1943 at Paul cemetery, Bro. Newton of the Stonefield Church of God, conducted the services.

He leaves to mourn his loss his wife, Mrs. Kattie Lance, six daughters, Mrs. [illegible] of Grenada; Mrs. John Murray, of New Orleans, La.; Mrs. Elnie Lester, of Rosebloom; Mrs. George Wells, of Baton Rouge, La.; Mrs. Dee Dubolse, of Jackson, Miss., and Mrs. Edward Kersh, of Grenada, also three sons, Willie and Talford, of Grenada and Douglas Lance, also twenty grandchildren and nine great-grandchildren and a host of other relatives and friends. He moved to Cascilla in Beat Three when a young man and lived here until he died. He was a member of the Shady Grove Church of God.

Pallbearers were, Robert Edward Kersh, Ernest Ray Lester, Claude and Brewer Lane, Woodrow Tribble and Hayden Whitten.

Williams Funeral Home of Greenwood was in charge of arrangements. —Contributed.

ON THE BRINY SEA

JAMES D. HAMBY

The above is James D. Hamby, Petty Officer, 3rd Class James D. Hamby, son of Mr. and Mrs. Granville Hamby, of Memphis, formerly of Grenada.

Pay your debts NOW.

Juchheim In England

LT. A. M. JUCHHEIM, JR.

Second Lt. Alwin M. Juchheim, son of Mr. and Mrs. A. M. Jucheim, Grenada, Miss., has arrived at an Eighth Air Force fighter station in England, where he will undergo special training in aerial combat flying. He will pilot a P-47 Thunderbolt such as used by Major Christian.

Eight Men Emerge As "Division Champs"

Eight men emerged Saturday night as "The Division Team of Champions" —titleholders in their respective weights—as the 87th Infantry Division's Individual Boxing tournament closed in a spectacular display of flying fists and fighting hearts. This team will represent the Division in out-of-camp competition.

The best sixteen men in the Division stood toe-to-toe and slugged it out for the honor of sporting the title of "champion"—and it was ring skill and pure courage which in the end paid the dividends.

Ring skill for fighters like Cpl. Bert Ellis, former Kansas City Golden Glove Champion—and courage for others like Pvt. James Sawvell whose come-back after a near knockout was the high spot of the evening.

First shot of the program saw Pfc. Alex Fisher, win over his fellow 347th Infantryman Sgt. Raymond Finn in the first of the two knockouts of the evening and along with it went the Bantamweight championship.

Two other men from the 347th Infantry Regiment, Pfc. Melvin Fields and Pfc. George Mahoney locked horns in the second bout with the Featherweight title going on a decision to Fields.

The 347th Infantry Regiment, winner of the team title only three weeks ago, added number three to their list of individual champions as Cpl. Jerry Kiser, rated by many as the best boxer in the Division, decisioned Cpl. Freddie Defoe of the 345th Infantry, in the welterweight class.

Upset number one, of the card, came in the Senior welterweight division as Pvt. Joseph Bucca of the 345th earned a clear victory over heavy favorite, "slugger" Pfc. Ray Fortenberry, previously unbeaten 347th Battler. Pfc. Charles Spradlin gave the 347th its fourth and last Individual title in the lightweight class decisioning Pvt. Walter Cutler of the 345th.

Division Artillery placed a man on the "team of Champions"—and it came about as no surprise—but it took Golden Glove champion Cpl. Bert Ellis a couple of uneasy moments before he could find the range of Pvt. Issaac Fox, 346th Infantry, Indian from South Dakota, for just one well tossed blow to decide the middleweight championship. Ellis undoubtedly is the hardest puncher in the Division, but Fox before his sudden end in the second round—provided the crowd with the thrills of a game fight, and the speculation that he might have lasted—but the big right fist of Ellis decided otherwise.

The next to last fight saw Pvt. James Sawvel of the 346th Regiment get up from the floor to win the light-heavyweight title from a surprised Sgt. Larry Fasulla of Division Artillery. Sgt. Ed Lischner of Special troops ended the championship bouts, as his big right hand punched its way to the heavyweight title over Sgt. Ernest Gunther.

Major General P. W. Clarkson, Division commander, who jokingly picked Ellis and big Ed Lischner as "bodyguards," made the presentations to the newly crowned champions. The elimination tournament, which started on September 27, was under direction of the Division Special Service Office. Officials included Lt. Col. James B. Evans, referee, Capt. John F. T. Murray, Lt. William Sokoloff and Lt. Kenneth Gunion,, judges, and Capt. Richard F. York, medical officer.

National War Fund Camgaign Near Completion

The Grenada County National War Fund Campaign organization is near completion, and a county meeting of workers will be held within the next two weeks, before the drive opens on October 25, according to Rev. W. L. Robinson, local chairman.

"We have a big job ahead of us," the chairman said, "but we are confident our citizens will respond to the NWF as they have to previous appeals of suffering humanity.

"The campaign is to raise funds through a united effort for 17 approved war-appeal agancies, such as the USO, War Prisoners' Aid, United Seamen's Service, and relief for our Allies in occupied and unoccupied countries, plus our own local charity and character-building organizations.

"Instead of having many separate campaigns, as in the past, this year we will have just one big drive, the National War Fund. We feel sure citizens will approve this unified plan, since it eliminates confusion, worry and expense, and at the same time fulfills our duty to our own needy, our soldiers and our allies."

The county leader said Mr. E. P. Lee, of Greenwood, who has been recently named district speaker and organizer for this area, would address workers at the forthcoming meeting. The date and place of the meeting will be announced later.

Grenada Swamps Vardaman 39 To 0

The Grenada Bulldogs drubbed the Vardaman Tigers Friday night at Pro-by Field, 39 to 0, to gain their second conference victory, and third win, of the season. "Goat" Townes was the big boy in the Bulldog scoring punch, making three touchdowns in the first quarter.

Grenada kicked off to Vardaman and held the Tigers on downs. Five plays later Townes cut inside left tackle for 12 yards and a touchdown. Jones bucked the line for the extra point. It took the Bulldogs seven plays to make their second tally, with Townes again running inside tackle. Jones added the extra point when he hit the middle of the line. After the kick-off Vardaman was held again, and in five plays Townes punched the line for the score, Robinson passed to Barranco for the extra point.

In the second quarter Robinson gained constantly on end sweeps, and finally scored off tackle from the 11 yard lie. Talbert's pass for the extra point failed. Vardaman held the Bulldog substitutes scoreless in the third period, but the Bulldog first string came back with more points in the last quarter. Captain Avent scored from the one, but tackle Dogan missed on his line plunge for the extra point. Jones counted the last score when he ploughed over the goal standing up. The kick for the point was low.

Vardaman never had a chance against the hard-fighting Bulldog line. The Tigers made only one first down to fifteen for Grenada. Standouts in the Grenada line were the old reliables, Spears, E. Moss, W. Moss, Dogan, and B. Harper.

American Legion Meeting Friday Oct. 8th

Grenada County Post No. 34, American Legion, will hold regular meeting next Friday, October 8th, 7:45 p. m. Legion Hut on Mound Street. Our District Commander will visit with us and we urge all members to be present. If you have not paid 1944 dues, bring them with you or pay and get your card at the following places: E. McNulty at Grant's Furniture Store, J. P. Pressgrove, Chancery Clerk's Office, H. C. Wilson at Wilson's Barber Shop or Eli Whitaker at Whitaker Coal Co.

E. W. McNULTY, Adjutant.

Supervisors Attend Convention

Supervisors L. P. Horton, D. A. Williams, Burns Strider, and J. L. Elliott left Wednesday to attend the annual convention at Jackson. George Chamberlain did not go.

Mrs. George Chamberlain, I am told, was in town prepared to buy a good many clothes, but, when she saw that Red Cross train filled with American boys passing thru, she changed her mind and bought War Bonds. She and George have all their single sons in the Air Corps.

The soldiers to be seen every day on the streets certainly are well behaved—much more so than the soldiers in the war that John J. and I helped win.

ALL SAINTS EPISCOPAL AUXILIARY

Eleven members of All Saints Auxiliary met at the rectory Monday afternoon at four o'clock, Mrs. C. S. Lilles hostess.

Mrs. W. W. Whitaker presided and Rev. Lilles led the prayers. Mrs. J. W. Sherwood, secretary, reported the last meeting's business and gave the treasurer's report.

Plans are being formed for the Auxiliary to serve a spaghetti supper, the date to be announced later.

PRESBYTERIAN AUXILIARY

The members of the Auxiliary of First Presbyterian Church met at the church for its regular business meeting.

Mrs. Hurd Horton president, presided and reports were heard from all officers and committees.

ELROD-GREAVER

Mr. and Mrs. W. L. Greaver, of Pryor, Oklahoma, announce the marriage of their daughter, Mable Louise Greaver to Pfc. Billy Barnett Elrod, son of Mr. and Mrs. Frank Elrod of Claremore.

Marriage vows were read by the Rev. James Cullen Willett in the Presbyterian parsonage at Austin, Texas, at 10 o'clock, September 11, 1943. Single ring ceremony was used. The bride was dressed in gold colored suit with matching accessories and her flowers were a corsage of gardenias.

Mrs. Howard Marshall, sister of the groom was matron of honor and the bride's only attendant. She was dressed in a two-piece suit of tan crepe wool and her corsage was yellow carnations. Sgt. Bob Lake, of Los Angeles, California, acted as best man for the groom. Both he and the groom were attired in their military uniforms.

Guests present at the wedding included Mr. and Mrs. J. W. Robertson, Mr. and Mrs. Charles Matthews and Mrs. G. P. Stelts.

The bride is a graduate of the Claremore high school and is employed with the county rationing board. She has returned to Claremore to make her home for the present.

The groom is also a graduate of the Claremore high school and attended A. & M. College, at Stillwater before taking a position with the Oklahoma Ordnance Works, where he was employed before entering the army. He is with the Medical Detachment of the U. S. Army stationed at Camp Swift, Texas. —Claremore, (Okla.) Newspaper.

The charming bride is a grand daughter of Mr. and Mrs. W. D. Singleton, of Holcomb, Miss, and has many friends in the county who will read of her marriage with interest.

Mr. and Mrs. F. M. McNulty spent Sunday with Mr. McNulty's parents near Charleston. Mr. McNulty stated that on this occasion, his mother celebrated her birthday and there were about 20 members of the family, including in-laws, to share this wonderful day in their parents' home.

Mrs. Cassa Collier, of Memphis, the former Miss Annie May Buford, was the guest of Mrs. Allie Gerard several days last week.

Mr. and rMs. Louis Gerard, of Boston, Mass., arrived Wednesday to visit his mother, Mrs. Allie Gerard.

Friends of Francis Hill will be interested to know that he is now with the Navy Air Corps Reserve at the University of South Carolina. He is in preparatory flight school and is now platoon guide. He was inducted in Atlanta, Ga., last week.

Capt. Duboise, at home for short visit with his wife last week, enjoyed an extra trip to Atlanta, Ga. Accompanying Capt. and Mrs. Duboise were Lt. and Mrs. James Moore, who visited their parents, Judge and Mrs. Moore.

Misses Ann Ross and aBrbara Ames left for their home in Washington, D. C., Thursday of last week after a visit with their aunts, Mesdames R. Semmes and Donald Ross.

Mr. Spencer Bell, of Memphis, spent the early part of the week here with his mother, Mrs. A. S. Bell.

Misses Juliette and Robbie Doak and Mrs. John S. King, of Grenada, and Mrs. J. P. Fisher, of Jonestown, have returned from a delightful trip to Philadelphia, Washington, and Louisville, Ky.

Grenada friends are interested to know that Miss Etolle Dubard (U. S. N.) is now at an Auxiliary Air Station at Kingsville, Texas. She has been at Millington, Tenn., the past several months.

AMERICAN LEGION AUXILIARY

Meeting of American Legion Auxiliary, home of Mrs. Clyde L. Thompson, newly elected president, with Mrs. Hal Cullen as co-hostess.

During business session the president, Mrs. Thompson appointed the following to serve as committee chairmen for the year:

Membership, Mrs. J. M. Talbert; Poppy, Mrs. Jack Sanderson; Child Welfare, Mrs. Bill Saunders; Publicity, Mrs. Whyte Whitaker; Legislative, Mrs. Eli Whitaker; Americanism, Mrs. Nina Hodges; Community Service, Mrs. Louis Odom; Music, Mrs. E. E. Penn; War Activities, Mrs. Sam McCorkle; Pan Americanism, Mrs. McGahey; National Defense, Mrs. Hal Cullen; Rehabilitation, Mrs. Jim Keeton.

Also during the business session, Mrs. L. J. Wise, visiting past president, of Yazoo City Unit, installed Mrs. Sam McCorkle as vice president of the local unit.

Mrs. J. C. Calk presented the following program for October "Unit Activity".

World War I Songs.
First Project of The Year.
Did You Know?
World War II Songs.

During the social hour the hostesses served sandwiches with an iced drink.

The members and visitors present were, Mesdames S. P. Daigre, Sam McCorkle, P. F. Jobe, Jack Sanderson, Hal Cullen, Nina Hodges, Jim Keeton, L. Odom, E. E. Penn, J. M. Talbert, Bill Saunders, J. C. Calk, E. R. Green, H. E. Aldrich, McGahey, C. Chapman, Yeager, L. J. Wise and Kate Betz.

Mr. and Mrs. A. C. Domminick, of Kansas City, were guests of their cousins, Mr. and Mrs. L. J. Doak the past week end. On Monday Mr. and Mrs. Doak accompanied them to Houston, Miss., where their parents live and spent the day there visiting relatives.

Mrs. Harrington, of New Orleans, is the guest of her mother, Mrs. Selma Anderson. On Wednesday they went to Lambert to visit in the home of their son and brother, Mr. Edward Anderson and wife.

Lt. Ed Penn, of Mobile, visited his mother, Mrs. C. C. Penn, the past week.

Mrs. E. R. Trotman, of Lexington, visited her mother, Mrs. Arthur Kettle last week.

Miss Mary Elizabeth Horton, student at Millsaps spent the week-end here with her parents, Mr. and Mrs. Hurd Horton.

Miss Ann Duncan, daughter of Mrs. Townes Duncan, of Grenada, has entered Southwestern University at Memphis.

JEWISH HOLIDAYS

Through the cooperation of Commanding Officers and Chaplains, five hundred soldiers of Jewish faith stationed at Camp McCain and the Grenada Army Air Field recently had the opportunity to observe the Jewish High Holy Days, which began at sundown on September 20th. The Holy Days were marked by religious services conducted at the Post Chapel by Rabbi Samuel Berger of the Chicago Herbew Theological College. Special services were held at the Station Hospital for the patients by Pfc. Hyman Katz of the 87th Division.

I hope our legislature will use most, if not all of the State's surplus to create a sinking fund against the day when times will be bad and bonds will be due. If it is sensible for an individual to provide for the inevitable rainy day, it is sensible for a State, a City or a County to do so.

★ The next time you pay your electric bill, remember: A large part of that money goes to blast the Axis!

Yes, over 15c of every dollar you turn over to us, we turn over to the federal government as taxes. In terms of the entire industry, that's over 400 million dollars — enough to buy more than 1500 giant bombers—at a quarter-million each.

And that's not all! Over 8c per dollar in *addition* goes to local and state governments — for your schools, roads, police and fire protection.

Altogether, from every dollar you pay us, we pass along at least 24c as taxes. And we do it willingly — in the face of higher costs and lower prices. Since no other electric power is federally taxed, we are often asked: "How can you manage?" Well, by *business* management — which is another way of saying: efficiency — economy — careful planning!

MISSISSIPPI POWER & LIGHT COMPANY
A Self-Supporting, Tax Paying Business

Any reduction you can safely make in your use of electricity will help the voluntary program to conserve fuel, man-power, transportation and materials.

Research-Development Service Shows Results

New Industries Already Established with More to Come in Post-war Era

Several new industries are now in operation in Mississippi while others are in the process of construction, according to R. S. McFarlane, Manager of Mississippi Power & Light Company's Research and Development Section.

At Morton an egg dehydrating plant with a capacity of 30,000 dozen eggs daily is scheduled to begin operation about October 1st. This will be the first dehydration plant in Mississippi and is the possible forerunner of extensive poultry development.

Durant will shortly have a new dress factory which will occupy a 7000 sq. ft. building. R. D. Sanders, owner of the new factory, already has textile mills in Mississippi that turn out a million yards of cloth per week. Part of this production that has heretofore been shipped out of the State for dress manufacture will be made into dresses at the Durant factory. The Research and Development Section of Mississippi Power & Light Company has worked with Mr. Sanders on this project, and a survey of the Durant area reveals that some 400 girls will be available for work.

At McComb, Mr. Sanders has purchased the Berthdale Tapestry Mills building where he is now operating a yarn and chenille cloth mill. The Chenille cloth is cut into bath robes, bath mats, and other items. Other dress factories are being contemplated as well as factories for the manufacture of rugs.

"After the war," Mr. McFarlane stated, "other industries will seek locations in Mississippi and our present industries will expand. It is up to us to help these industries within the state and to bring in new industries to raise the State's effective buying income per capita; now the lowest in the nation."

Natural Resources Tremendous

The natural resources of Mississippi, Mr. McFarlane pointed out, are tremendous. For the year ending May 30, 1942 Mississippi produced approximately 2,671,352,167 board feet of lumber from approximately 15,000,000 acres of forest. The value of lumber turned out by saw mills and wood-working plants in the State is approximately $75,000,000 per year. Concerted efforts should be continued to convert a larger portion of forest products into manufactured goods. More plants should be built to produce paper, wall board, furniture, radio cabinets, plastics, insulation material and many other items. The value of these could far exceed that of our cotton crop and add millions of dollars of wealth to the state.

Today, much is being done to develop Mississippi's mineral resources, and certain clays and building materials are being mined on a commercial scale. Two major railroads traverse the State with direct connections at New Orleans, to the South; Chicago and New York City, to the North; Shreveport, to the West; and Atlanta to the East. Three other intra and interstate rail systems provide connections to adequately serve any part of the commonwealth.

River ports on the Mississippi River at Vicksburg, Greenville and Natchez provide cheap river transportation to New Orleans, Chicago, St. Louis, and Cincinnati. An outlet to the sea and transportation for foreign trade is at the ports of New Orleans, Gulfport and Pascagoula.

Labor is Adequate

Another important factor in securing new industries, Mr. McFarlane pointed out, is that of an adequate supply of labor. Mississippi has an adequate labor supply and the experience of many industries over a long period of time proves that the average Mississippian can be trained to perform skilled operations in a short period of time, and once trained, produces at exceptionally high speed. On farms and in small towns, the pattern of living is such that a majority of people in their daily tasks work with tools and machinery. It is natural that this background should tend to make the average Mississippian quick to master skilled operations.

Increased Standard of Living

With the United States' standard of living as 100 per cent, Mississippi is in 48th place with a standard of living which is only 15 per cent of the national average.

The reason for Mississippi's low standard of living is the fact that Mississippi has the lowest effective buying income per capita in the Nation. This buying power can only be increased with the coming of new industries and the expansion of the ones already located within the State.

What will become of Mississippi's vast reservoir of human energy, wonderful climate, productive soil and natural resources? "The answer," Mr. McFarlane says, "lies in the progressive action which Mississippi's leaders take in the future. Industry is interested in the South. If we are to expedite that Southward movement we must cooperate in an effort to sell industry and our own people on the advantages of Mississippi. There are several organizations in Mississippi working towards that end. Let us collect and correlate the data we need, know our advantages, eliminate our disadvantages, and go out to secure new industry for the development of Mississippi and for the betterment of its citizens."

Seen, Heard and Told By The Editor

We already have inflation, if not yet disastrous. Ten years ago I put a bale of cotton in the compress. It was then worth five cents. It has never been cut for sample. It is the SAME cotton it was ten years ago. It today is worth about 20 cents a pound. NOTHING has happened to the cotton, but SOMETHING must have happened to the money, for the cotton, in terms of currency, is worth FOUR times what it was worth ten years ago.

It looks like the OPA is slipping. Unless wages are stabilized, no products of labor can be stabilized.

Joe Enderlin has just about quit Grenada for the balmy breezes from the Gulf at Brownsville, Texas. Aint it grand to be rich.

Jeff Whitaker, private in Uncle Sam's Army, located at present at Greensboro, N. C. has become a new subscriber.

Two Hortons at one pop: Cpl. John W. Horton, of the Army and Mrs. J. W. Horton, of Newport, Ark. have been added to our mailing list.

Sgt. W. D. Riley in service overseas has been added to our mailing list. Hope you get another stripe soon, Sgt. and that you enjoy the GCW which your mother is sending you.

Aint they sweet.

FORECLOSURE NOTICE

WHEREAS, on August 13th, 1940, The Farmer's Cooperative Gin (A. A. L.) of Grenada, Miss., by its President, E. L. Boteler executed a trust deed under the terms of which the hereinafter described land was conveyed to S. C. Mims, as trustee to secure the payment to W. H. Kirk of an indebtedness therein described, which trust deed is recorded in Land Mortgage Book 78, Page 14, of the Records of Grenada County, Mississippi; and

WHEREAS, default has been made in the performance of the conditions of said trust deed, and the holder thereof has declared the entire indebtedness secured thereby due and has requested the undersigned to sell said lands as provided by said trust deed.

THEREFORE, the undersigned will, between eleven o'clock A. M., and four o'clock P. M., on October 16th, 1943, at the East door of the County Courthouse in Grenada, Grenada County Mississippi, offer for sale and sell at public outcry to the highest bidder for cash the following described land in the aforesaid County and State:

Beginning at the Southeast corner of the Southeast quarter of Section 26, Township 23, Range 4 East, and run West 414 feet for a point of beginning; thence West 344 feet; thence North 264 feet; thence East 317 feet; thence South 50 degrees 20 minutes East to a point due North of the point of beginning; thence South approximately 262 feet to the said point of beginning, the same being the property conveyed to W. H. Kirk by J. H. Aven by deed dated June 18, 1937, and recorded in Book LL at page 327 of the records of Grenada County, Mississippi, and by deed dated October 10, 1938, recorded in Book 76 at page 31 of said records; together with all buildings, gins and machinery, appurtenances and equipment of every kind and character which are now owned by the grantor and now located on said premises.

This sale will be made subject to and in subordination to the 1st mortgage of the New Orleans Bank for Cooperatives.

The undersigned will convey only such title as is vested in him as such trustee.

S. C. MIMS, Trustee.

THIS IS A HELL OF A TIME TO BE TALKING OF CHRISTMAS

CHRISTMAS IS THREE MONTHS OFF. IT AND THE URGE TO GIVE SOMEBODY SOMETHING THAT THE SOMEBODY EITHER DOES NOT WANT, OR WILL SAVE TWELVE MONTHS AND PASS ON TO SOMEBODY ELSE, WILL SOON BE HERE, HOWEVER,

We Have Something That Will Not Be Kept, But Used

WE ARE PREPARED TO FURNISH PERSONAL STATIONERY, PARTICULARLY MILITARY STATIONERY, WITH PROPER INSIGNIA. WE ARE ALSO WELL SUPPLIED WITH BOXES OF CHRISTMAS GREETING CARDS, UPON WHICH WE WILL PRINT THE NAME OF THE SENDER.

We Have Our Problems Too

WE CAN NOT STOP WHATEVER ELSE WE ARE DOING AND PRINT "O N E" BOX OF CHRISTMAS CARDS, OR ONE SET OF STATIONERY, WHAT WITH THE SHORTAGE OF HELP, ETC., BUT WE CAN TAKE ORDERS "IN ADVANCE," AND GROUP THE JOBS AND SAVE THEM FOR FUTURE DELIVERY.

Use Our Lay-Away Plan

TO MAKE OUR WORK EASIER, AS WELL AS TO FILL ALL ORDERS THAT SURELY WILL COME TO US, WE ARE PREPARED TO TAKE ORDERS "N O W" AND PRINT THEM BY THE "GANG" METHOD. IF WE KNOW YOU A GOOD RISK, WE WILL PRINT AND HOLD AND YOU DO NOT HAVE TO PUT UP A PENNY UNTIL DELIVERY UNLESS YOU WANT TO. THOSE WHOSE CREDIT WE DO NOT KNOW WILL BE REQUESTED TO MAKE ONE-HALF DOWN PAYMENT

"Gang", not "Gangster" Method

WHEN WE SAY "GANG", WE DO NOT MEAN "GANGSTER." OUR PRICES ARE FAIR AND OUR WORK IS EXCELLENT.

TWENTIETH CENTURY CLUB

Tuesday afternoon, October 5, members of the Twentieth Century Club met at the home of Mrs. J. C. Prose on College Street. Miss Estelle Truner was cohostess.

The club was privileged to have a distinguished guest speaker, Col. Zimmerman, of Ordnance Department, Camp McCain, on the prorgam. He spoke on Alaska, and throughout his entire talk, about this great country, a thread of human interest was skillfully inserted, making his address one of the most delightful ever enjoyed by the club.

Mrs. Zimmerman, Mrs. Hill and Mrs. W. H. Saunders were non-member guests present.

Mrs. E. B. Provine reviewed one of the new books "Armed Guardians one Year in Ic eceland". Following the program, the president, Mrs. J. B. Perry, Sr. called a short business session.

In the absence of the secretary, Mrs. W. W. Whitaker read the minutes of last meeting and called the roll.

Col. Zimmerman's address was given at the request and invitation of Mrs. W. W. Whitaker who was to have given a book review on Alaska.

Following the program and business session, the hosteses served orange sherbet, dainty cheese filled sandwiches and fudge cake.

MISS VIVIAN SELL JOINS USO STAFF

The USO Staff Conference is happy to welcome into its ranks Miss Vivian Sell, of Sheboygan, Wiscosin, who will serve as Staff assistant at the USO Community House Club, directed by Mr. M. C. McDaniel and Mr. John J. Karpeles.

Miss Sell, a graduate of the Sargent College of Physical Education in Cambridge, Mass. taught for some time in Wisconsin, North Dakota and Illinois and did organizational work for the Girl Scouts of America as a traveling executive in Iiwa and Kansas.

Miss Sell reports to Grenada after having completed the USO Orientation course given at Columbia University in New York City, and with in-service training at New London, Conn. and Waynesville, Mo. She expects to devote a good deal of her time in Grenada to developing volunteer groups for services to the USO.

MAHONEY-HARBIN

On Saturday evening, October 2, Miss Deborah Harbin, and Lt. W. L. Mahoney, Grenada Air Field, were married in the Methodist Church of Grenada, Rev. W. L. Robinson, pastor officiating. The single ring ceremony was used. Mrs. William Lomax played the organ. The couple is from Alabama.

WILDRIDGE-BEARD

On Sunday evening, October 3, Sergeant C. L. Wildridge, Grenada Air Field, and Miss Helen Beard, both from Pennsylvania, were married in the Grenada Methodist Church Study by Rev. W. L. Robinson.

ANNOUNCEMENT

The Civic League meets in the home of Mrs. A. W. Stokes Wednesday afternoon, October 9th, at 3 o'clock.

PTA MEMBERSHIP DRIVE

The local membership drive of the P. T. A. will take place from October 1st to 13th. Fathers, mothers, friends and all are urged to purchase a membership in this worthwhile organization. Mrs. Chas. Rea, National Field Secretary P. T. A. in a recent visit to the Grenada School, spoke of the low average salary paid to teachers in Mississippi. Increased P. T. A. membership in which Mississippi is comparatively low, will help to bring about National and State legislation to secure needed funds for education. When you purchase a membership in the P. T. A. you have put your 50c to good use. Let Grenada have the largest membership this year ever in its history! Local Publicity Chairman.

Mr. William Dubard, who does not get about much now, spent a while with his children at Dubard.

Capt. J. H. Hooker visited here with Mr. and Mrs. Jim Weed on Saturday and has reported to Fort Knox, Ky. for duty.

Lt. and Mrs. Robert Horn were guests of their parents, Mr. and Mrs. Durrow Horn this week. Lt. Horn has been at Mariana but will report for duty at the A. A. B. at Tallahassee, Fla.

You'll give your clothes the same Cleaning Service, and no wonder! Clothes do look like new when we clean them!

Victory Hints

By SAMMY BURTON

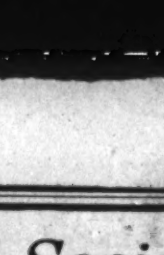
Home Service Director

Mississippi Power & Light Co.

★

ARE YOU A SABOTEUR TO YOUR OWN EYES?

Those faithful eyes of yours are doing a bigger and harder job these days: Wilful neglect to your eyes is akin to sabotage of the war program. With shorter days and longer nights you'll need strong eyes and you'll need them as never before. Every pair of eyes must be keen and ready for work. The more reason why you should make certain they are properly cared for. Eyestrain you know picks its victims young. Protect the eyesight of each member of your family by proper lighting.



SAMMY BURTON

Don't Take Chances

Sit close enough to the light source so that it will give your eyes all the help it can. A difference of a few inches may mean 50% less light.

Greater "See-ability"

Arrange lamps and furniture so each lamp can serve two or more people if possible.

Wasted Light

Eliminate colored or flametint bulbs. They absorb as much as one-third of the light.

Dark Shades

Replace dark shades. Use white shades or shades with white linings. Dark shades waste light.

GIDL RESERVES

The Girl Reserves is a part of the Young Women's Christian Association, a world-wide organization. We are very proud of the GHS Girl Reserve Club, for it has really made a fine showing in the past years. The Club is certainly fortunate in having such a capable leader as Miss Haynes. She has always been an inspiration to the girls, who are deeply grateful to her for everything that she has done in giving her time and energy to the girls of Grenada High.

The theme of the Girl Reserves for 1943 is TODAY WE BUILD. We need to be building all the time, but more especially in times like these—building foundations, materials, one's own personality, happy homes, personal relations, and a world at peace. This is the purpose of the Girl Reserves: to help the girls build characters and make their personal relationship such as to build toward a peaceful world.

All of the girls in high school are eligible for membership in the Girl Reserves. Each new girl, whether freshman or transfer from another school, is invited to join with us to make this year's Girl Reserve better than any in previous years.

MUSIC

The Grenada High School Glee Club is on her way. With Christmas programs, spring contest, and commencement programs in view, there is plenty to do. The members show a fine spirit and promise of a good year's work.

Piano students have been enrolled, too. Credit is given for one hour of private lessons per week and a bit of class work. Many students had to be turned away, as so many wanted to take. This is a compliment to the music minded students of Grenada High.

Can't this be the most successful year in the school's history for the music department?

ANNOUNCEMENTS

The first meeting of the Allied Youth group will be Thursday, October 7, in the gym with Olga Lewis, President, in charge. Let all old members and others interested in the study of the eradication of alcohol please be present.

The assembly programs for this year will be as follows: Bob Tabor with his animal circus will be here on October 15.

The Howells, glass blowers will give their program on November 22.

Walter Van Haitsma will give his program, "Wings Over America," December 6.

The Bentley Trio will give a musical program on April 12.

Let's all keep these in mind and give them a good hearing—not just a large audience.

FRESHMEN

We "Freshies" are getting over our greenness now and are beginning to feel like veterans.

Did you notice Peggy Horn yelling her head off at the game Friday night for—well, the team in general? Ditto for Betty Williams.

We hear Margaret Moore's got a new one—Joe Stokes from Oxford. How 'bout that, Margaret?

You should listen in on a first year Home Ec class and hear the girls lecture on how to rate a date.

Has Don passed entirely out of your heart, Margaret Bradley?

Our class officers are: Talbert Yeager, president; Sue Robinson, vice president; Betty Sue Williams, secretary-treasurer.

JEAN GEESLIN FOOTBALL SPONSOR

Jean Geeslin, a popular member of the Senior Class, has been chosen sponsor of the '43 Bulldog Football Team. Congratulations!

AVENT AND HARPER CAPTAINS OF BULLDOG SQUAD

Buddy Avent, '44, is Captain and Billy Harper, '45, co-captain of the Bulldog squad.

DIRT

There certainly are a lot of new faces around us this year. I never know whether they are "ferinure" or just those foolish freshmen. Maybe we better make every one of them wear a sign.

Putting all kidding aside, let's all help these new students—from some other town and the freshmen—find their classes and their place in school life.

We are certainly glad to have Talbert Yeager back in school with us. We all hope that he will continue to improve until he is as good as new.

All of us had a good time at Winona Friday night. I guess we showed them!!

It was sure good to see Patty back in Grenada again. Too bad he had to serve, isn't it Olga?

How about Jean and George?

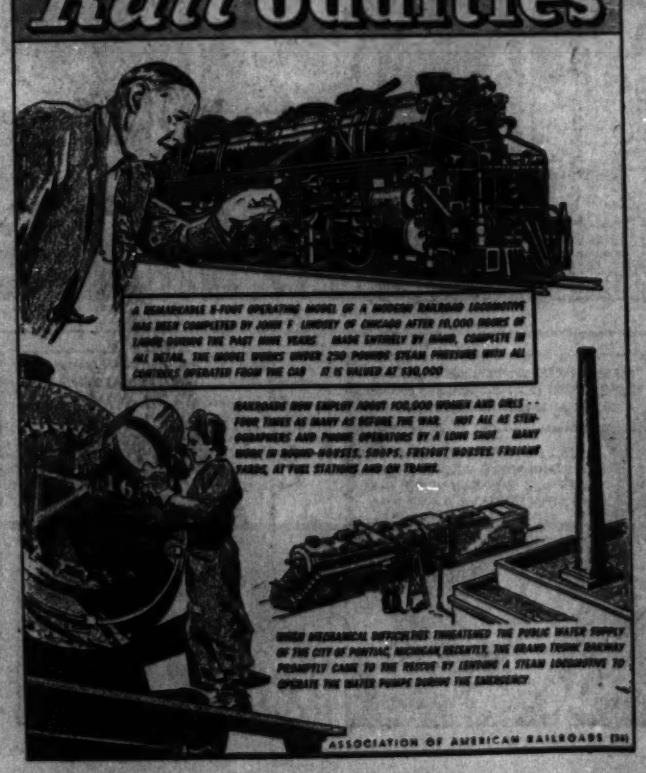
Rail oddities



A REMARKABLE 8-FOOT OPERATING MODEL OF A MODERN RAILROAD LOCOMOTIVE HAS BEEN COMPLETED BY JOHN F. LINDSEY OF CHICAGO AFTER 10,000 HOURS OF LABOR DURING THE PAST NINE YEARS. MADE ENTIRELY BY HAND, COMPLETE IN ALL DETAIL, THE MODEL WORKS UNDER 250 POUNDS STEAM PRESSURE WITH ALL CONTROLS OPERATED FROM THE CAB. IT IS VALUED AT $30,000
RAILROADS NOW EMPLOY ABOUT 500,000 WOMEN AND GIRLS — FOUR TIMES AS MANY AS BEFORE THE WAR. NOT ALL AS STEAM-SHOVELERS AND PISTON OPERATORS BY A LONG SHOT. MANY WORK IN ROUND-HOUSES, SHOPS, FREIGHT HOUSES, FREIGHT YARDS, AT FUEL STATIONS AND ON TRAINS.
UNDER MECHANICAL DIFFICULTIES THREATENED THE PUBLIC WATER SUPPLY OF THE CITY OF PONTIAC, MICHIGAN RECENTLY, THE GRAND TRUNK RAILWAY PROMPTLY CAME TO THE RESCUE BY LENDING A STEAM LOCOMOTIVE TO OPERATE THE WATER PUMPS DURING THE EMERGENCY.
ASSOCIATION OF AMERICAN RAILROADS

Uucle Sam's Postal Department Has Relented

Yes, the post office department has relaxed its rules to the extent that you can send your favorite newspaper to that boy overseas, without a direct request from the boy, until October 15th, and that's a week from today. Heretofore, as you may know, a newspaper could not be sent unless a specific request was made.

A Letter From Home Each Week

The home town newspaper to the soldier in far away Australia, India, Tunisia, etc., is like a letter from home. Nobody, except one who has been in service overseas, can appreciate the value of that newspaper, and now it is read and reread from kiver to kiver.

A Christmas Present That Will Last A Whole Year

A subscription to the home town newspaper is a Christmas present that will last an entire year.

Here Is Where We Have Got You

For love, influence or money you yourself can not send a newspaper overseas unless you send it first-class. Only publisher can send copies at anything like reasonable rates. We charge no more to send the GCW to New Guinea than we do to New Orleans; no more to India than to Indiana.

Look Back and See What We Told You Last Week

Look back and see what good advice we gave you last week about season Christmas cards, personal stationery and sich like. Do not all dock in here the day before Christmas and want Christmas cards for we can not print them all the last day.

"Grenada County News A Specialty.
Other News Used Only In Emergency"

THURSDAY, OCTOBER 7, 1943

The Time to Build Good Will

When tires are wearing out, gasoline is scarce, and trains and buses crowded—as they are—is a splendid time for the businessmen of Grenada to recapture the trade of the people in the legitimate trade territory of Grenada, as well as that of the people who live in Grenada, right under their noses. Trading habits, like all other habits once formed are hard to change. If the people in Grenada would treat their local clstomers with JUST A LITTLE bit more courtesy and considerately, and pay JUST A LITTLE less attention to the holders of the easy money, the old trade of Grenada could be recaptured and be an indispensable asset to Grenada's future. It is an old business axiom that "trade goes where it is invited and stays where it is well treated."

These good times will not last forever, but the indifference of new clerks, if not that of the proprietors themselves WILL be remembered forever.

It is a whole lot easier to hold trade than to recapture it, just as it is always easier to tear down a business than to build one. Courtesy and consideration shown to customers here in our own little community will pay immense dividends in the future, while the lack of those things may mean the dissolution of businesses now enjoying unprecedented prosperity.

Far be it from ourselves to point a tale or show a moral, yet our fixed policy since the first issue has been "Home News a Specialty, Other News Used Only in Emergencies." We believe that it is far better to cater to those who helped us get started and whose patronage has permitted us to make some little progress, than to abandon these old friends and spend our time, space and energy in catering exclusively to those who are here today ad gone tomorrow.

A Different Situation Entirely

Mr. Talbert, our street commissioner, came by recently to renew his subscription and feigned great surprise that our subscription price had advanced. Of course he was joking about that because he had paid $2.00 in 1942. But his point was why we, with increased expenses, were forced to raise our rates; and we would deny the City the right to raise its taxes because of increased expenses. This is easy to answer, and so we are going to take the whole town into our confidence by explaining the difference.

In the first place, subscribing to the GCW is purely a voluntary matter, while the payment of taxes is compulsory. If a person does not want to pay more subscription, he can stop, and say hell no, it aint worth it. Folks must like the GCW otherwise we would have lost some subscribers because of the raise; but, as a matter of fact, we have about double the number that we had when the old rates were in effect.

Then, too, we did not have to advertise and permit our subscribers, if ten percent objected to the raise, to vote whether they would pay more or not.

Folks take to the GCW like a baby takes to and cries for Castoria. In some camps and colleges, it is literally worn out before it makes the rounds. Folks like the GCW, but nobody on God's green earth ever did or ever will like taxes any more than they like measles or whooping cough.

Then, too, the Board invited the people to ask for an election on the subject, and their invitation is being accepted, and how? It does not necessarily mean that an individual signer will vote AGAINST the proposition just because he signed the petition. It merely means tht he wishes the WHOLE PEOPLE to have a voice in the important matter. If the reasons for the changes are explained to me and, if I think the changes are justified, I myself will vote "for."

Time To Pay Debts

The present time is the best time that the people of this section ever experienced to pay up old debts. It is a better time than the boom years of 1918 and 1920, for there is more money floating around. This was evidenced by the fact that, while Grenada county's quota in the recent bond drive was $650,000.00, the total amount of bonds and stamps sold was considerably in excess of a million dollars.

Play safe. If you owe the land bank ten or fifteen notes and CAN pay them off today, pay them, all of them; if not all, then all you can.

The "good times" following the last war, and the "good times" just before the collapse of 1920, should be remembered by the people, for these "good times" broke millions of people who, rather than use the easy money to pay debts, extended themselves beyond the safety zone by buying more and more equities in property.

First and foremost, a man should pay his debts; then he should buy some land as a hedge against inflation, then buy War Bonds to as great an extent as possible.

What applies to an individual also applies to cities, counties and states. These governmental units should make every possible effort to pay off ALL callable bonds while money is cheap and plentiful.

Scrap Still Needed

This Fall's Scrap Drive is not attracting much attention here in Grenada but the word has gone out from National Headquarters that all iron scrap, such as obsolete machinery, dies, igs, tools, etc., is needed to help in the war effort.

While house cleaning this fall, put all of your junk metal in a pile and either sell it to the junk man or place it in the up-town "scrap iron" bin in City Square.

The scrap from the last drive has been used up—more is needed, so turn in all metal scrap NOW.

Federal Sales Tax

Just what interests are backing the enactment of a federal sales tax, I do not know, certainly such a tax would be the ideal tax to raise the immense sum of money needed by the federal government to prosecute the war.

A sales tax is fair on every one. You pay only as you spend. You spend according to your ability to buy, therefore you pay taxes in accordance to your means.

This tax "worked" well in Mississippi, as well as in other states which have followed Mississippi, and it will "work" in the entire nation.

I firmly believe that a sales tax of sufficient size would eliminate all low income taxes, as well as all of the so-called nuisance taxes. As it is, even a little peckerwood has to knit his brows and keep all kinds of records and be subjected to close scrutiny—all with an immense force of federal employees, many of whom should be in the army—with his income tax and with other taxes.

If a sales tax of sufficient size were imposed on EVERYTHING (no exceptions, for that would further complicate a simple matter) the government could not only pay as it went with the war, but it could—while money is cheap and plentiful—but could also retire some of the autstanding debt.

As a start I would suggest a sales tax on EVERYTHING, excise taxes on tobacco, licker, cosmetics and other strictly luxury goods and the income tax on incomes over, say $10,000.00. In that way the government could get the most feathers with the least squaking of the goose, and that's a fundamental principle of taxation.

Tet Budgets

The following is a comparison of the City Budget for the year 1941-1942 and the City Budget for the year 1943-1944:

BUDGET 1941-1942

Estimated	@ 7 Mills	$28,965.15
Receipts	@10 Mills	36,464.15
Administrative and Gen. Expense		$11,615.00
Street Department		11,460.00
Police Department		9,896.00
Fire Department		3,658.00
TOTAL		$36,569.00

1943-1944

Estimated	@10 Mills	$54,678.70
Receipts	@15 Mills	67,136.70
Administrative and Gen. Expense		$13,978.04
Street Department		30,183.00
Police Department		16,850.00
Fire Department		5,941.42
TOTAL		$66,952.56

This very clearly shows that, if the current budget is adopted, the City MUST raise taxes 5 mills. What the budget does not show is whether the proposed expenses, especially those of the Street Department (where nearly 3 times the amount spent in the first period is to be spent in the second period, that is, 1943-1944), can not be so greatly reduced.

The above figures merit the careful consideration of the taxpayers of the City of Grenada.

Too Long Winded

Country newspapers would handle more of the government stories, of which their mail boxes are always filled, if the stories were not so damn long winded. It seems that the government, as well as all the various welfare and social-betterment agencies, have employed not men who can say much in a few words, but men who can say little in many words.

As a consequence about 90 percent of these "releases" are thrown into the waste paper basket. The country editor is too busy writing copy, reading proof, correcting proof, running the mailer, setting type, listening to the heart aches of his subscribers, etc., etc., to stop and rewrite this stuff for which his paper has no space.

I believe the main reason for the paper shortage is not caused by use of paper by the newspapers, but use of mimeograph paper by the various agencies.

Then, too, it most often happens that such stuff comes in Thursday morning when a publisher's mind is employed in figuring on "getting out" instead of stopping everything and disarranging his make-up for some tomfoolishness that some propagandist thought up.

Behind The Headlines

"155 Tanks Destroyed; 42 Planes Shot Down" does not tell the whole tale of mangled bodies, headless torsos.

"Entire Crew Killed in Flying Fortress" does not tell of the bodies charred beyond human recognition.

"14,000 Tons of Bombs Dropped in Enemy" does not tell the story of the dead women and children or of the homes destroyed.

"Airmen Strike Indo-China" does not tell of the dead left behind or of the widows and orphans who will never see their husbands and fathers again.

"Bombers Blast Holland" does not tell of the smashed bodies and ruined minds, nor of the beautiful and historic monuments left in shambles.

"Germans Attack Dodecanese Isle" does not tell of the men drowned in the sea nor of those killed on the beaches, nor of the armless and legless who, if ever rescued, will go thru life as half-men.

Just a few of the headlines in ONE issue of ONE daily newspaper.

This monotonous repetition has now been going on for FOUR years, and there's no end in sight.

That's war.

A Suggestion

In the old days when a business was running on a close margin, and often had to collect the money due it before it could conveniently pay itst own bills, it was often customary for the collector to be requested "to leave the bill" until the 10th, or 14th, then come back.

Those days are gone. Everybody has plenty of money. Most people can just as easily pay bills when presented as to follow the old rule of paying on the 10th, 15th or 20th. Time is now a precious commodity, for most merchants have to take a busy clerk from behind the counter for him or her to collect.

I am not personally kicking for I have few accounts due the GCW and all of them are "good"; but, where a business has MANY accounts due it, the waste of precious time amounts to something.

Electric bills, water bills and telephone bills are paid by many persons by authorizing their banks to cash them. Others could do the same, and save that valuable commodity, TIME. Payment of such bills is just a matter of handling a few more checks by the banks.

I believe these suggestions are good ones.

Up Your Savings

There will be American justice for the savages of Tokio but our trial and punishment of Tojo and his criminals will cost blood, sweat, toil and tears and money. You can supply the money by upping your war bond buying through the payroll savings plan. Figure it out yourself and see where the money is coming from. How much does it cost you and your family to live each month? How much money is coming in from all members of your family? Put the extra money into war bonds, every penny of it. Let 10 per cent be only the starting point for figuring your allotment.

U. S. Treasury Department

I am afraid I put my foot into it recently by suggesting that the county take over the City and operate it, as the supervisors do not want the job.

Red Briscoe is keeping mighty quiet here lately. Wonder where he will break out next.

I expect some of the readers thought that we had TWO fires at the SAME time, just because we did not mention any dual conflagaration, but we haven't.

Cousin Joe Ward was a visitor to the county seat Saturday.

Thru the forbearance and the benevolence of our creditors, we got by another first of the month, happily.

Tiny looks sweeter than usual in her pretty new dress.

Sorry to hear that Jack Dyre has been sick.

THROUGH A WOMAN'S EYE

By Mrs. W. W. Whitaker

VICTORY IS TO BE COSTLY

To those of us who have been doing some wishful thinking concerning an early end of the war, we may well realize now that "We have another thought coming to us" on that subject.

Our Chief of Military Intelligence, Maj. Gen. Strong tells us that German Air strength is greater than it was at the beginnig of the war and that Germany has 300 divsions, 60 organized this year. They have a labor force in war industries in Nazi-conquered territory of from twenty-three million to 35 million. In the Italian theater of war it took 13 British and American divisions to push back and whip 3½ German divisions and 12 divisions of Italians of "doubtful combat value."

In the Pacific theater, the Japanese Air strength is growing fast and Japan has a reservoir of 4 million men to be called when needed. The Japs are growing stronger every day and their morale is excellent.

Some people "fear?" that early expiring war contracts will leave their plants idle, however Col. Lee Dennison, acting director of the General Staffs Requirements Division, asserts that the supply program for the ground forces alone this year totals approximately 21 billions, and next year 22 billions will be spent, for he says, the war is expanding. The biggest battles are yet to fought. Surely we must complete their equipment and maintain them during battle.

The war department expects to have twice as many men overseas in '44 as are there now. The War Department states we have 2½ million men there now. The General Staff of the Army is convinced that Germany recognizes that defeat is inevitable, and due to that very recognition will fight a terrible war of desperation to delay their defeat. So if the General Staff's estimate is correct, then a bitter, costly way lies ahead for all of us. (The above data was released recently by the War Department).

ARE YOU A DEMOCRAT?

When a man or woman votes in America, they do so with full knowledge of what their party stands for. They know the various and sundry planks in their party's platform and vote accordingly. That's the way it used to be. Now it's different, and we find ourselves in a dilemma. What of a Democrat who votes for their party's candidate only to find that the democrats have sold their birthrights and New Dealers out-number the old fashion democrats to where they (the democrats) are completely squelched. We know that President Roosevelt and his leaders have ignored the party's platforms as adopted at the past three Democratic Conventions and we know the same procedure is ahead at that fourth convention which is so soon to be. The New Deal is not the Democratic party. The New Deal crowd has usurped the Democratic party so completely that no resemblance exists between the two.

Good Democrats are dismayed and indignant at the advantages taken of the war to increase Federal power, and good Democrats everywhere hated the idea of a third term and are going to completely balk at a fourth term.

To think of the profigate waste of our wealth and the manner in which the theorists, crackpots and sponges have swarmed around the New Deal, all jealous of each other, all seeking self glory, is enough to disgust every good American be he Republican or Democrat. And may we add all this happens at a time when our sons are going into battle—to fight—to die for us.

We want to get back to the Democratic party's principles and elect a man who is honored to be our President a man who feels that his duty is to attend to that office and to let State Rights alone. We are tired of being bullied and herded by Washington, and being talked down to by the President's wife, especially about race problems. We want a president who will confer with the Congressmen, elected every two years, so that they may bring to the halls of Congress the ideas, the hopes and plans of the American people.

We want a president who can cooperate with the leaders of other countries without sacrificing the liberties and free enterprise of our own peoples, and can say "NO" in no uncertain terms when foreign countries begin unloading their warped, crippled brained hoodlums on us as soon as the war is over.

The very idea that "It would be terrible to change presidents during war" is out. There's plenty of good American men capable of handling the job. Three terms is one term too long.

THE FLOP EAR MULE

The flop ear mule pulled the cotton planter tto and fro across the field, letting the man ride the handles, but neither knew how to make the cotton grow—all they could do do was to plant the seed, till the ground and fight the boll weevils—after many days of silent sleep tucked in mother earth, the little black cotton seed came forth a new life in the form ofa green sprout—GOD sent His rains and sun to water and kiss its cheek. It grew and waxed strong and soon a bloom came forth, followed by a green boll—after many days the green boll opened up full of white cotton with lots of black seed—Some smart men crush the little black seed and made some cotton seed oil and with this oil they made some white fluffy shortening and with other ingredients they made some lovely spread that tastes just as good as butter and it's much cheaper in price and points.

HE WAS SIMPLE AND DIDN'T KNOW

The old mule was just a good old honest, simple hard working mule, not acquainted with the ways of the outside world and he didn't know about lobbies and swapping votes and back scratching, therefore he was unaware that the product of the South, that if it was used to help make good pure food in the form of Oleomargarine, something that poor folks not able to buy butter for the little kiddies could use, I repeat, he didn't know that his product would be discriminated against in favor of the powerful butter industries.

Asleep At The Switch

Yes, we the people, we combined are the Government, have allowed our hired servants to put this discrimination on the South's product and we're going along like the little boy sucking his thumb with a silly grin on his face, perfectly contented. When the boys come back home pussy-footing around passing out cigars and kissing the babies for re-election, just take a minute of his valuable time and see what excuse he can give you for allowing this discrimination to continue—if a wholesale grocer sold only one case of Oleo he would have to take out a license costing $200.00, but he may sell ten thousand cases of butter without a special license (how silly). We feature Parkay, Nu-Maid, All Sweet and Sweet Sixteen Oleomargarine. Also we'll have those wood barrels of Flour and big cans of Lard this week.

WEEKLY NEWS ANALYSIS

Nazi Forces Offer Stiff Resistance As Allies Continue Advances in Italy; Russ March Across Northern Ukraine; WFA Announces Control of Milk Sales

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Released by Western Newspaper Union.

News of Italy's unconditional surrender was greeted with open jubilation in the garment manufacturing district of New York, with celebrants ankle deep in improvised confetti, etc., as shown above.

ITALY:
Battlefield, After All

Italy's unconditional surrender to the Allies did not spare that country from becoming a bloody battlefield in the war.

Trapped all along the Italian boot when the Badoglio government gave up the fight, German forces put up stiff resistance as Allied armies swarmed ashore to occupy the mainland. Bitter fighting occurred near Naples and in Rome, where Germans were reported to have seized control to establish their own puppet regime, in the name of Benito Mussolini.

Meanwhile, Italian service men, told to resist German attempts to prevent them from giving up, appeared divided in their loyalty to the Badoglio government. While Italian soldiers were reported aiding the Allies in the south, the Germans claimed many others were standing by the Axis in the north, where the Nazis planned a last ditch fight along the mountain range of the Po valley.

Escorted by the British navy, three Italian battleships and an assortment of cruisers and destroyers reportedly were steaming for Allied ports in North Africa, there to join in the fight against Germany.

Economic Problem

Though Italy's capitulation was of unquestioned military value to the Allies, its occupation posed difficult economic problems. To Calvin Baldwin of the office of foreign economic co-ordination will go the task of straightening the situation.

Calvin Baldwin

First, Italy is deficient in coal, iron and petroleum, though it has quantities of mercury, bauxite and sulphur. Secondly, the country's food production is unbalanced, insufficiencies in grains, meats, fish, oils and eggs offsetting surpluses in fresh, citrus and dried fruits, nuts, vegetables, cheese and rice.

Thus, if use is to be made of industrial facilities, raw materials would have to be brought in; if advantage is to be taken of her peculiar agricultural production, some provision of imports of other foods will have to be made.

RUSSIA:
Regain Resources

Proceeding to shorten their lines in Russia, made more necessary by the collapse of Italy, the Nazis fell back on the Dnieper river, surrendering the vital Donetz industrial basin as they retreated.

Farther to the north, the Germans' withdrawal put Russia in repossession of much of the fertile farmland of the Ukraine, famed for its wheat and cotton.

Although the Reds regained access to coal and iron and foodstuffs, the Germans' destruction of the Donetz's factories and their requisition of the Ukrainian harvests deprived the Russians of immediate use of these resources.

In Moscow, a 324-gun salute marked the Russian successes.

CIVILIAN SUPPLIES:
Assure Stocks

Civilians were assured of supplies of such items as lamps and lanterns burning liquid fuel, bed springs, radiators, furnaces and boilers under a directive issued to manufacturers by the War Production board.

Under the order, manufacturers will set aside a certain percentage of their stock for civilian use. Any attempts of the army, navy, maritime commission or other government agencies to dip into these reserve stocks will be referred to the WPB, which will then determine whether the orders are to be honored.

WPB's regulation under which it will review requests of government agencies to get goods from civilian stocks, was a modification of a previous order, under which the agencies could only obtain such supplies with a Triple-A priority rating, reserved for strategic needs of the highest urgency.

SOUTHWEST PACIFIC:
Doom Jap Bases

Allied troops surrounding the Japanese New Guinea bases of Lae and Salamaua faced desperate last ditch opposition as 20,000 enemy troops, cut off from all supply from the north, were confronted with surrender or death.

American bombers pounded both bases, and at Lae, paratroopers who landed in the Markham valley to the west, beat forward through jungle brush to the outskirts of the town, while Australian ground forces, put ashore along the gulf to the east, closed in from that direction.

At Lae, the Japs' main defenses were built in two former plantations on either side of the town. Terraces and groves were fashioned into formidable bunkers, and it was against these that the Allies forces surged.

Farther to the south, the doughty Japanese garrison of Salamaua was pounded from the sea, as well as the air. Cruising close to shore, Allied naval vessels trained their big guns on the waterfront, smashing installations. Resisting to the last, a handful of enemy fighters rose up to challenge the bombardment, but two were shot down and a third damaged.

MILK QUOTAS:
At Current Levels

In order to maintain production of butter, cheese and evaporated and dried milk products, the War Food administration announced sales of fluid milk will be controlled through the establishment of dealers' quotas.

Quotas will be based on dealers' current deliveries, permitting civilians to purchase more milk than they consumed in 1942, but less than they might if supplies were available. Sales to hospitals, pregnant and nursing mothers and children will take precedence over other deliveries, it was said, and sales to homes also will receive special consideration.

In heavily populated urban areas where the milk situation is particularly acute, the program will first be established. Administration expenses will be paid by an assessment on milk handlers.

HIGHLIGHTS . . . *in the week's news*

HANDICAPPED: Physically handicapped civilians can now receive federal assistance for surgery and hospitalization, as well as any special training that may be necessary to render them capable of self support. The funds are provided through the Social Security administration, Paul McNutt, administrator, announced in revealing details of the program.

WAR PRISONERS: About 1,200 American servicemen are held in Italian prison camps. These men will probably be released soon, as a result of the Italian unconditional surrender.

SHIPPING: American shipyards have completed and delivered more than 20 million tons of merchant vessels since Pearl Harbor, December 7, 1941, the OWI announces.

For you to make.

HERE'S HAPPY RELIEF
If you suffer from backaches resulting from fatigue or exposure... If sore muscles or a stiff neck have got you laid up... SOMETHING is what you need. It is a medicinal, analgesic solution developed in the famous laboratories of McKesson & Robbins in Bridgeport, Conn.
SOMETHING acts fast—gives soothing relief right where relief is needed—speeds the superficial blood flow to the affected area. Also helps to prevent infection. Not an ordinary preparation—made for human beings. Wonderful, also, for sore, tired feet, and for the relieving itch of Athlete's Foot. MONEY BACK IF NOT SATISFIED.

BACK STRENGTH HERB
DIARRHEA
Foods, alcoholic drinks and even water often seem to tear your insides up by causing weakening diarrhea. Ease this miserable discomfort right now—quit running. Feel peppier, stronger. Use famous MISSISSIPPI CORDIAL—made from nature's own laboratory. Contains no narcotics or synthetic drugs. Never be without it—Get a bottle today. At all drug stores. 25c, family economy size 50c.
MISSISSIPPI CORDIAL

"NO MORE 'DOSING' FOR ME!"
Says happy ALL-BRAN eater!

If you've been "dosing" without getting the lasting relief you wanted, this letter may offer you real encouragement:
"Permit me to compliment you on your wonderful product, KELLOGG'S ALL-BRAN! It certainly lived up to its promises with me! I'd been taking unadvertised laxatives for a long time! But, no more, doctor for me, thanks to KELLOGG'S ALL-BRAN! I've adopted it as my specific!" Mr. Alexander Klein, 650 West 176th Street, N. Y. C.
Yes, KELLOGG'S ALL-BRAN really "gets at" one big cause of constipation—lack of sufficient "cellulosic" elements in the diet—because ALL-BRAN is one of Nature's most effective sources of these elements! They work by helping the friendly colonic flora fluff up and lighten the colonic wastes for easy elimination. *Not a harsh purgative!* Doesn't "sweep you out"! ALL-BRAN is simply a gentle-acting, "regulating" food!
If this is your trouble eat KELLOGG'S ALL-BRAN regularly. Drink plenty of water. See if you don't find you can give up "dosing" for good! Insist on *genuine* ALL-BRAN, made only by Kellogg's in Battle Creek.

In the Navy a floor is a "deck," doors are "bulkheads," downstairs is "below," and a cigarette is a "Camel." At least, Camel is the favorite cigarette among Navy men, as it is among men in the Army, Marines, and Coast Guard. (Based on actual sales records from service men's stores.) And a carton of Camels is a favorite gift. Though there are now Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

A VEGETABLE Laxative

ABIDING VALUES FROM ISRAEL'S HISTORY

LESSON TEXT—Deuteronomy 11:13-28.

GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

What makes a nation great? God's dealings with Israel answer that question. The history which we have briefly touched upon in our study of the first four books of the Bible is reviewed in Deuteronomy.

Moses, realizing that the end was at hand for him and that a new generation was about to go into the promised land, reviewed the history of the people, restated their laws, and renewed the appeal of God for their loyal obedience. This record is found in the Book of Deuteronomy, from which our lesson is taken.

We find here that the nation which is truly great—

I. Worships the True God (vv. 13-15).

There is a fundamental factor which must underlie all real national greatness—love of God. This has an inseparable corollary—serving Him "with all your heart, and all your soul."

Says the wise man of Proverbs (14:34), "Righteousness exalteth a nation; but sin is a reproach to any people." We have well-nigh forgotten that fact. We need to be reminded of it again in God's word to Israel.

What is the result? The blessing of God upon the land, the giving of abundant harvest, in fact, the open-handed generosity of God.

II. Heeds God's Warning (vv. 16, 17).

This is the negative side. God dealt with Israel through promises if they were faithful, and the threat of judgment if they forgot Him.

One is as important as the other in the leading of a nation—and in the rearing of children. We, like our heavenly Father, should faithfully keep every promise; but we should just as surely fulfill every warning of coming judgment.

America has seen the handwriting of God in warning concerning its waywardness and sin. Will it heed and avoid further judgment?

III. Honors God's Word (vv. 18, 19).

Loving God and His Word is not a matter for theological speculation or for sanctimonious discussion in some dark cloister. Thank God the Christian faith is at its best in the ordinary affairs of life. It finds its proper place in the tender relationship of parent and child. Its teachings are pure, delightful, simple and entirely appropriate to any occasion, whether one sits or rises, walks or lies down. God's words are the words to be laid up in the heart and in the soul, to be taught to our children, to be the constant and normal subject of conversation.

IV. Testifies for God (vv. 20, 21).

Here again we have the home before us. And it is, of course, the home which makes the nation. If the home speaks for God, the nation will do so, inevitably and effectively.

We may not, as did the pious Jew, fasten a little container bearing God's Word on our doorpost, but we may make the home itself and the life of its inhabitants an effective testimony for God before our neighbors.

It is obvious that the home either speaks for or against God. A profession of faith in Him, an outward reputation for adherence to religious principles which does not vitally touch our dealings with one another and with the community in which we live—these clearly testify not for God but against Him. On the other hand, who can estimate the value of a sweet and orderly Christian home? Whether it be on a dusty city street, or on a quiet country lane, it is a light that cannot be hid.

V. Counts on God for Victory (vv. 22-25).

God promised that if Israel diligently kept His commandments, loved Him and walked in His ways, they would be a nation that would overcome and dispossess their enemies, and prosper in every good purpose.

God desires the nation which honors His name to stand before the other nations of the earth victorious and prosperous.

The purpose of the Lord for Israel was a far greater one than they ever achieved, because they fell into sin and drew back in unbelief. The limits of the land which He proposed to give them, as stated in verse 24, far exceed that which they did possess in Palestine.

God's plans are large plans. His promises to us, like those to Israel, are stupendous. We need to learn to take Him at His word.

"No man shall be able to stand before you" (v. 25) was the promise to Israel. "Ask what ye will" (John 15:7) is the promise to us. They failed because they did not believe God. Will we fail for the same reason?

HARSH LAXATIVES UNNECESSARY?

Millions Find Simple *Fresh Fruit Drink* Gives Them All the Laxative Aid They Need

Don't form the habit of depending on harsh, griping laxatives until you've tried this easy, healthful way millions now use to keep regular.

It's fresh lemon juice and water taken *first thing* in the morning—just as soon as you get up. The juice of one Sunkist Lemon in a glass of water. Taken thus, on an empty stomach, it stimulates *normal* bowel action, day after day, for most people.

And lemons are actively *good* for you. They're among the richest sources of Vitamin C, which combats fatigue, helps resist colds and infections. They supply vitamins B, and P, aid digestion and help alkalinize the system.

Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist Lemons.

Steaming Tree

In hot weather a birch tree gives off 700 to 900 gallons of water a day.

SNAPPY FACTS ABOUT RUBBER

If authorities prove to be correct, post-war tires may give 75,000 or more miles of service. Super-tough rayon, nylon or improved cotton carcass will help to make this mileage possible.

Army raincoats formerly containing 40 per cent crude rubber now are made almost entirely of synthetic resin and oil-treated material. Crude rubber content of boots and overshoes has been cut about 40 per cent.

A complete armored division on the road has 13,488 tires in use, not counting spares and reserve supplies.

In war or peace

ON THE HOME FRONT

With RUTH WYETH SPEARS

LEGS, MIRROR, DOOR CARVING AND HANDLES WERE REMOVED
SCREW HOLES FILLED WITH PUTTY-PLAIN KNOBS AND A BASE OF 1"X4" LUMBER ADDED-CHEST PAINTED BLUE TO MATCH CURTAINS AND CHAIR SLIP COVER

MANY young homemakers are gaily setting forth to buy junk furniture for remodeling. The first thing they learn is to consider each piece not for what it is but for what it may be. The 40-year-old buffet shown here was never beautiful in its youth and took itself too seriously in a heavy sort of way. It seemed to be waiting there in the junk yard for some young modern to make cheerful use of its sturdy materials.

The sketch shows how the main part of the buffet was remodeled to make a chest under a window in a combination sewing and guest room. A wood chisel is useful for removing carving that is glued on and either putty or plastic wood may be used for filling old screw holes and even places where locks have been in drawers and doors that are to be painted. If the piece is varnished, it is best to rub it down with sandpaper to remove the high gloss before painting. What became of the mirror and legs of this buffet is another story to appear soon.

• • •

NOTE—This sketch is from BOOK 7 of the series prepared for readers. Number seven also contains directions for more than 30 other things to make from odds and ends. A whatnot is made of spools; orange crates become bedside stands; a wicker chair is padded and covered; rags turn into rugs and many other transformations take place with clear directions for you to follow step by step. Booklets are 15 cents each. Send your order to:

Aviator's Toothache

A dental cavity that never bothers an airman on the ground will usually give him a toothache at altitudes from 10,000 to 30,000 feet, owing to the expansion of body gas at low atmospheric pressure, says Collier's. In several cases, the carious condition producing the pain was in such an early stage that it was not detectable in an X-ray photograph.

$1,200,000 Treasury Bond Rally in 90 Minutes

Sponsoring one of the largest and most colorful War Bond rallies in Wall Street's history, members of the New York Curb Exchange, under the leadership of their president, Fred C. Moffatt, sold more than a million dollars of Treasury Bonds in 90 minutes. Leading professional athletes in the War Bond drive, Mel Ott (top left), manager of the N. Y. Giants; (top center) Alice Marble, tennis champion; (upper right) Fred C. Moffatt. (Lower right): Nat Tare, "Toughest kid in AEF of World War I," and recipient of the Croix de Guerre, at the age of 14, for saving the life of Father Francis P. Duffy. He also wears the Distinguished Service Cross and was wounded in World War II. Another contribution to the war effort, the Curb Exchange originated — five months before Pearl Harbor — a War Bond purchase plan which enables employees to buy Treasury Bonds with Exchange advanced money which they repay in weekly salary deductions.

Seen, Heard and Told By The Editor

Buddy Holland, of Uncle Sam's Army, and stationed near New Orleans, returned to his post Sunday after a visit with relatives in Grenada.

Fireman 1st Class Earl C. Manley with the United States Navy, formerly of Holcomb, Miss., is home on furlough.

Why should YOU, who have no real knowledge on the subject, be so optimistic and complacent about the war, when our leaders, who have ALL the information, tell us that long and bitter days are ahead and that there must be no let up in endeavor. Just a few days ago, when most of us might have thought that the Battle for the Atlantic was won, news came that ten ships including three warships had been sunk in sight of the Canadian mainland.

Another "list" seeking money for repairing a negro church just came in. God Almighty must have frowned upon these structures, for seldom a day passes until one needs repair.

THE CHARTER OF INCORPORATION OF GRENADA REALTY COMPANY

WE, THE UNDERSIGNED, in order to form a corporation for the purposes hereinafter stated, under and pursuant to the provisions of Chapter 100 of the Code of Mississippi and pursuant to any other laws of statutes of said State governing the formation, regulations and control of corporations, do hereby certify as follows:

FIRST: The name of this corporation is GRENADA REALTY COMPANY.

SECOND: The names and post office addresses of the undersigned incorporators are:

Wallace E. Johnson, 875 Rayner Street, Memphis, Tennessee

Alma E. Johnson, 875 Rayner Street, Memphis, Tennessee

James E. McGehee, 149 Monroe, Memphis, Tennessee.

THIRD: The domicile and principal office of said corporation shall be situated in the City of Grenada, Grenada County, Mississippi.

FOURTH: The authorized capital stock of the corporation shall consist of One Hundred Nineteen shares of stock of the nominal of par value of $100 per share divided as follows:

110 shares of preferred stock of the par value of $100 per share;

9 shares of common stock of the par value of $100 per share.

The designations, preferences, rights, qualifications, limitations, and restrictions of each of said classes of stock are as follows:

(a) The preferred stock shall be entitled, in preference to the common stock, to dividends from the surplus or net profits of the corporation at the rate of $5.00 per share per annum, payable as the Board of Directors may from time to time determine; such dividends shall be cumulative. In the distribution of assets, other than by dividends from surplus or net profits, the preferred stock shall have a preference over the common stock until there shall have been paid, or set apart from payments, on each share of preferred stock the sum of One Hundred ($100.00) Dollars, plus the amount of any unpaid dividends accrued thereon, is hereinbefore provided. No share of preferred stock shall be entitled to any dividend from surplus or profits in excess of the aforesaid dividends at the rate herein set forth.

(b) Dividends may be paid upon the common stock only when dividends have been paid, or funds have been set apart for the payment of dividends as aforesaid on the preferred stock, but whenever there shall have been paid, or funds shall have been set aside for the payment of all such dividends upon the preferred stock, dividends upon the common stock may be declared payable then or thereafter out of any surplus or net profits of the corporation then remaining. After the payment of the limited dividends or shares in distribution of assets to which the preferred stock is entitled in accordance with the provisions herein before set forth, the common stock alone shall receive all further dividends and shares in distribution.

(c) The holders of preferred stock shall not be entitled by reason of their holdings thereof to any voice or vote in the management of the affairs of the corporation except that in all elections for directors or managers of the corporation, every stockholder (whether a preferred or common stockholder) shall have the right to vote in person or by proxy, the number of shares of stock owned by him, for as many persons as there are directors or managers to be elected; or to cumulate said shares so as to give one candidate as many votes as the number of directors multiplied by the number of his shares of stock shall equal; or to distribute them on the same principle among as many candidates as he shall see fit; and such directors or managers shall not be elected in any other manner; and provided further that in the event, at any time of any meeting of stockholders the corporation shall be in default in the payment of dividends due or accrued, on the preferred stock for two previous years, then the holders of the stock at that time outstanding shall be entitled to the same voting powers as attach to the common stock, namely, one vote for each share of said stock issued or outstanding. Except as herein set forth, the voting power shall be confined to the holders of the common stock.

(d) The preferred stock may be redeemed in whole or in part at any time at One Hundred ($100.00) Dollars for each share thereof then outstanding as hereinbefore provided, if less than all of the shares of the preferred stock are to be redeemed the shares to be redeemed shall be selected in such manner as the Board of Directors shall determine. Notice of intention to redeem shares of such preferred stock shall be mailed at least thirty days before the date of redemption to each holder of record of the share to be redeemed at the last known post office address of such holder as shown by the records of the corporation.

(e) The corporation may issue and dispose of any of its shares of stock authorized by these articles or by a subsequent increase of its capital stock by amendment of these articles for such consideration and on such terms and in such manner as may be fixed from time to time by the Board of Directors and authority so to fix such consideration, terms and manner is hereby granted by the stockholders.

FIFTH: The period of existence of the corporation shall be fifty years.

SIXTH: The purposes for which the corporation is created are as follows:

(a) To buy or otherwise acquire, lease, rent, hold, own, maintain, construct upon, improve, sell, mortgage or otherwise dispose of lands, leaseholds and other interests in real and personal property.

(b) To engage generally in the real estate business including the buying, selling, renting, mortgaging, constructing and improving of real estate either in the capacity of owner or principal or in the capacity of agent for others.

(c) To buy and sell at wholesale or retail any and all kinds of building and construction materials together with all other materials of a related or kindred nature.

(d) To engage in all other transactions and to do and perform all other things necessary or convenient or intended for the attainment of any of the purposes of this corporation to the same extent as natural persons lawfully might or could do insofar as such acts are permitted to be done by a corporation organized under and pursuant to the general corporation law of the State of Mississippi, and in general to carry on any other business in connection therewith not forbidden by the State of Mississippi together with all the powers conferred upon said corporations by the laws of the State of Mississippi.

SEVENTH: The number of shares of each class of stock of the corporation to be subscribed and paid for in cash before the corporation commences business shall be:

(a) 110 shares of Preferred Stock $11,000.00 Cash.

(b) 9 shares of Common Stock $900.00 Cash.

IN WITNESS WHEREOF, we the said incorporators of Grenada Realty Company have hereunto set our hands this 20th day of September, 1943.

Wallace E. Johnson
Jas. E. McGehee
Alma E. Johnson.

STATE OF TENNESSEE,
County of Shelby.

Personally appeared before me, the undersigned authority, in and for said County and State, duly commissioned, qualified and acting Wallace E. Johnson, Alma E. Johnson, and James E. McGehee, who acknowledged that they signed and delivered the foregoing instrument on the date and year of its date and for the purpose therein set out.

WITNESS my hand and seal of office, this 20th of September, 1943.

MRS. E. B. McCOY.
Notary Public.

(SEAL)

My commission expires April 8, 1943.

INCORPORATED

The girls in blue are the girls who are doing a man-size job in the Navy...working shoulder to shoulder with the Navy's gallant men. They rate the admiration and respect of the entire Fleet. Join them today... and when the war is won, you can proudly say "I helped win it!" Apply at Navy Recruiting Station or Office of Naval Officer Procurement.
